

CUSTOM CABLES FOR DATA POWER DISTRIBUTION UNITS

Any manufacturers' brand, type and configuration of UL Listed components

Provide a much lower job cost and eliminate problems.

Tell us what you need ...
We'll make and ship it on time
at an extremely competitive price.

- **Cables satisfy National Electrical Code article 645.5 (E) therefore they do not have to be securely fastened in place and supported every 4.5 feet as stated in article 350.30(A).**
- Every assembly is carefully and thoroughly tested per customers' requirements for ground integrity, insulation leaks, proper phase rotation and all conductors are Hi-Pot tested at twice rated circuit voltage plus 1000 volts.
- Certificate of calibration provided with each order.
- Assemblies are marked at each end and packed per customers' specifications.
- Custom labels are protected by clear heat shrink tubing to prevent alteration or accidental removal.
- Liquid tight conduit colors available in all sizes: black, gray, blue, red, yellow, green, orange, brown and white up thru 225 ft.
- Floor pedestal mounting hardware available.
- Single or multiple circuits.
- Excellent service and quality.
- Steel connectors installed. Specify if plain or insulated throat required.
