S-P PRODUCTS, INC.

S-P Products provides labor saving devices and products to ease electrical construction projects. Products like the EQ-PULL, EZ-READ Wire Harnesses, used in home runs and network wiring; the Pre-wired flexible conduit assemblies, used in commercial wiring applications; Pre-fabricated wiring assemblies; and Conduit support plates.

Electrical contractors routinely use the high quality and highly competitive solutions provided by S-P Products. S-P Products prides itself on providing UL listed and IBEW produced materials for the electrical construction industry.

For over 30 years, S-P Products, Inc. has introduced high quality, innovative products and ideas that help make jobs SAFER... BETTER... FASTER. Many of our products have been invented by experienced IBEW Union electricians. We urge you to continue to contact us with your ideas; we will help patent and market them throughout the world.

We are proud to be a Local 134 IBEW Union company with all products manufactured in the United States of America. Our manufacturing facilities help keep IBEW Union electricians off the bench and good paying jobs in our country. We are also very proud to be a dedicated NJATC Training Partner, striving to improve our Industry any way possible.

We would appreciate the opportunity to send you a catalog describing our product line with the hope you'll invite us to present our products to your students and NECA Contractors in your area. As we all know, we're fighting for our very existence and S-P Products wants to do whatever it possibly can to

guarantee employment for NECA Contractors and IBEW Electrical Workers.

Our product line includes:

- UL Listed Multi-conductor Wiring Harnesses for Voice, Data Power, Controls and Instrumentation. All types of wire and cable including low voltage and fiber optic. Also available encased in all types of flexible conduit.
- UL Listed Prefabricated Assemblies—any type or configuration for all types of repetitive applications.
- Various UL Listed individual innovative products designed to help make jobs SAFER, BETTER, FASTER
